

CENACLE SISTERS CONVENT AND RETREAT CENTER

Ronkonkoma, NY

Project Description

The Cenacle Sisters North American Province are part of a worldwide religious order whose ministry includes retreat programs, parish collaboration, spiritual direction and prayer enrollment. A new 49,000 S.F. 2-story convent and retreat center is being constructed replacing their aging facility with state-of-the-art technology, efficient use of space, and historical character. Nelson & Pope, in coordination with Nelson, Pope & Voorhis and Hawkins, Webb & Jaeger, both affiliates of Nelson & Pope, prepared and processed all plans and specifications for this project on 45 acres, with environmentally sensitive land containing a pond, New York State designated wetlands and tiger salamander habitat. Construction of new buildings was completed in 2011.

Relevant Project Components

- Site Improvement Design
- Wastewater System Design
- Sewage Pump Station Design
- Water Distribution System Design
- Wetlands Delineation / Permitting (Town and NYSDEC)
- Tiger Salamander Mitigation Design
- Highway Access Design
- Demolition Plans / Processing
- SEQRA Processing
- SWPPP For Demolition and New Construction
- Town and County Processing
- LEED Compliance Certification
